Dear Madam,

In Sir Martineau's
autobiography I find at
page - 176 - of the 1. Volume
a most gratifying
testimony to my father's
reputation -

He was the valued

friend and partner in
the Norwich Bank. of Mr
R. H. Gurney. & Mr. J. J
Gurney, and not head
officer. - as the paragraph
states. - He died in 1839
and had been a partner
for 17 years. - My great
uncle Simon Martin, had
been for many years in
the position - which is

Given to my father in the Bank
he died in 1824. —

The memories of Norwich
are most interesting to me
I was a little girl when
our dear father died, but
I well remember how the
del City mourned for him.
The early edition of the
Political Economy series
beautifully bound. and to
express my admiration as

a child.

You have given to the
world a most interesting
book and deserve indeed
the thanks of those who
read it - and their
names will be - known

I am Dear Madam

Most faithfully
Yours

Emma Marshall
